RE: Form 481 – Carrier Annual Reporting Data Collection, 2016
WC Dockets No. 14-58 and 10-90

Dear Ms. Dortch:

Pursuant to §0.457 and §0.459 of the Commission's rules, Electra Telephone Company ("the Company"), by its attorneys, hereby requests that certain materials and information be withheld from public inspection. Specifically, the Company requests confidential treatment of the Five Year Service Quality Improvement Plan (the "Plan" or "confidential information") attached to its Form 481 filing.

In support of its request for confidential treatment and pursuant to the requirements under § 0.459(b) of the Commission's rules, the Company states the following:

1. Identification of the specific information for which confidential treatment is sought.

The Company seeks confidential treatment of the Five Year Service Quality Improvement Plan, attachment 442069tx112 to the Form 481 filing accompanying this letter, which contains sensitive financial information about the Company as well as information about the Company's projected network improvements and upgrades for voice and broadband services during the period from 2015 through 2019.

2. Identification of the Commission proceeding in which the information was submitted or description of the circumstances giving rise to the submission.

The documents are being submitted as part of the annual Eligible Telecommunications Carrier Report (Form 481) mandated by section 54.313 of the Commission's rules.

3. *Explanation of the degree to which the information is commercial or financial, or contains a trade secret or is privileged.*

The data described is highly confidential and sensitive commercial and financial information which constitutes trade secrets or sensitive commercial and financial information that "would customarily be guarded from competitors,"³ and is therefore exempted from mandatory disclosure under FOIA Exemption 4 and Section 0.457(d) of the Commission's rules.⁴

4. *Explanation of the degree to which the information concerns a service that is subject to competition.*

The Plan relates to voice and broadband services provided by the Company that are subject to competition from competitive local exchange carriers, cable television system operators, electric power utilities, fixed and mobile wireless service providers, and/or satellite carriers.

5. *Explanation of how disclosure of the information could result in substantial competitive harm.*

Disclosure of the confidential information is likely to result in substantial competitive harm to the Company because the confidential information could provide competitors with commercially sensitive insights related to the Company's operations, service offerings, and costs.

6. *Identification of any measures taken by the submitting party to prevent unauthorized disclosure.*

The Company does not make the Five Year Service Quality Improvement Plan or any of the information contained therein publically available in any way, and further limits internal access to key employees subject to strict non-disclosure obligations.

7. *Identification of whether the information is available to the public and the extent of any previous disclosure of the information to third parties.*

The Company does not make the confidential information available to the public and it has not previously allowed disclosure of the confidential information to third parties that are not otherwise bound by confidentiality obligations.

³ *Id.* § 0.457(d)(2).

⁴ 5 U.S.C. § 552(b)(4); 47 C.F.R. § 0.457(d).

8. *Justification of the period during which the submitting party asserts that the material should not be available for public disclosure.*

The confidential information should be treated as confidential for an indefinite period, as the Company will always be subject to competition and the competitive harms associated with the disclosure of the confidential information.

In order to provide adequate protection from public disclosure, the Commission should strictly limit distribution of the confidential information within the Commission on a "need to know" basis and not allow any distribution outside of the Commission. In the event that any person or entity outside the Commission requests disclosure of the confidential information, the Company requests that it be so notified immediately so that it can oppose such request or take other action to safeguard its interests as it deems necessary.

Please direct any questions regarding this submission to the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Salvatore Taillefer, Jr.', with a stylized, cursive script.
